

ELECTRIC DRYER DEL-60158A
152 cm belt width. 2 x heat chamber 200cm

Machine

1	Total length	640cm		
2	Heat chamber length	2 x 200cm		
3	Belt width	152 cm		
4	Inlet / outlet length	120 cm		
5	High	115 cm		
6	Electrical requirements	400V, 3PH, 40 kW, 2 x wire		
7	Belt rotation direction	Both side(left & right)		
8	Belt drive	frequency converter, sleeplessly adjustable		
9	Belt type	fiberglass Teflon coated, 4x4 mm mesh-size		
10	Exhaust connection	2 x 150 mm		
11	Heating elements	3.3 um IR wave length		
12	Temperature control	2 x PID		
13	Cool skin technology	150 mm insulation 4 walls		
14	If equipped with Hot air circulation cures wide range of inks with all substrates (also paper and plastic)	Plastisol Inks	Water base Inks	Solvent Inks
15	Guarantee	2 years limited warranty		
16	Production capacity (curing element size 40 x 50 cm, curing conditions 1 min in 160°C)	1440 pcs/hr		
17	Average electricity consumption at 170°C while reached temperature	25 kWh / h		
18	Average electricity consumption at 170°C while reaching temperature	35 kWh / h		

MACHINE EQUIPMENT IN OPTION

19	Wheels option per 1 oven	YES	2	€ 75,00	€ 150,00
20	Hot air circulation* per 1 oven (1300 m ³ /h)	YES	2	€ 850,00	€ 1 700,00
21	Cooling System	NO	0	€ 300,00	€ 0,00
